

# Program Overview

## Thursday, November 28, 2013

Room: Friendship Hall	
Time	Topics
08:30~12:00	Work Shop of medical writing: Basics and Tips

Room: Peace Hall	
Time	Topics
12:45 ~14:45	Implications of Bench Test for coronary bifurcation
14:55 ~16:45	FFR has been changing our stenting strategy for bifurcation
16:55 ~18:30	Guidance of optical coherence tomography for bifurcation

## Friday, November 29, 2013

Room: Friendship Hall	
Time	Topics
07:30 ~08:30	Grouping Case discussion——Meet Masters

Room: Peace Hall	
Time	Topics
08:30 ~10:00	Years of simple and complex bifurcation lesions
10:10 ~12:00	Extended topics on bifurcation lesions complexity
12:40 ~ 14:20	Hemodynamic Support in Left Main Intervention
14:30 ~16:50	Refreshing bifurcation stenting: Approaches and devices
17:00 ~18:45	Evidences from RCT on bifurcation

## Saturday, November 30, 2013

Room: Friendship Hall	
Time	Topics
07:30 ~08:30	Grouping Case discussion——Meet Masters

**Saturday, November 30, 2013**

Room:Peace Hall	
Time	Topics
08:30 ~10:30	Stenting distal left main bifurcation lesions
10:40 ~12:10	Advanced lessons for modern bifurcation stenting techniques
12:50 ~14:30	Technical considerations before stenting bifurcation lesions
14:40 ~16:30	Selection and assessment of stenting techniques
16:40 ~18:45	Stenting techniques with case vignettes

**Sunday, December 1, 2013**

Room:Peace Hall	
Time	Topics
08:30~10:10	Dedicated bifurcation stents and bioabsorbable scaffolds
10:20 ~12:00	Complications: predicting, realizing and managing
